#### CS Mission Statement

Career Services for Arch + UD programs is a student-driven organization that strives to keep GSAPP in touch with the professional world beyond Avery Hall while providing students with resources to help them transition into the work force.

#### Services

**Career Counseling:** CS Officer meets with students to discuss career goals, job searching resources, salary negotiations, and any other concerns.

**Cover Letter and Resume Review:** A strong resume, cover letter and work samples are crucial to the job search process. Set up a meeting with the CS officer to review your application materials.

**Mock Interviews:** Interviewing is an art of nuance. In a short period of time you need to make a strong, professional impression, which takes practice to develop. Set up an appointment with the CS officer to practice these skills in a mock interview.

**All appointments are scheduled via e-mail: [careers@arch.columbia.edu](mailto:careers@arch.columbia.edu).**

## EMPLOYMENT / FELLOWSHIPS

Additional listings can be found on the [Columbia University GSAPP LinkedIn page](#), regularly updated so check back often!

#### Hourly Student Positions - Columbia University Facilities & Operations

Who we are:

Columbia University Facilities & Operations is here 24 hours a day, seven days a week supporting the University. Whether we're planning a campus renovation, breaking ground on a new building, maintaining our award-winning buildings and grounds or keeping our campus safe, our staff helps keep the University moving forward.

We currently have two Architectural student casual position's available, based on all aspects of the design process for the new Manhattanville campus in the Manhattanville Development Group department, which is responsible for the development, design and construction of complex projects and smaller renovations for the Columbia University expansion in West Harlem.

Sample responsibilities include:

The student casual will perform architecture/design related tasks, including compiling data and preparing drawings for distribution; assisting in compiling architectural plans; assist in conducting preliminary studies to obtain information as to space and design requirements; research and information gathering for use in various projects.

Requirements:

Enrolled in a graduate or undergraduate degree program in Architecture (minimum of 3 years enrollment for undergraduate applicants); familiarity with construction means and methods; some design experience through internships or summer work preferred; excellent computer skills (some AutoCAD experience preferred); excellent written, and oral communication skills; quick learner and ability to handle multiple tasks concurrently; strong initiative and good attention to detail; ability to work full time (35 hours/week) during the months of June through August.

To apply for this position, please email resume to Lizbeth Rivera-Assistant Manager, [lr2373@columbia.edu](mailto:lr2373@columbia.edu)

At the Center**

#### Lecture with Jurgen Mayer H.

Please join the Center for Architecture for a lecture in partnership with Times Square Arts by Juergen Mayer H. whose XXX Times Square opens on August 24. Mayer will discuss his recent work, particularly as it relates to the public realm.

J. MAYERH. und Partner, Architekten focus on works at the intersection of architecture, communication, and new technology. Recent international projects include Metropol Parasol, the redevelopment of the Plaza de la Encarnación in Seville, Spain; the Court of Justice in Hasselt, Belgium; Pavilion KA300, built in celebration of Karlsruhe's 300th jubilee, and several public and infrastructural projects in Georgia—for example, an airport in Mestia, the border checkpoint in Sarpi, and three rest stops along the highway in Gori and Lochini. From urban planning schemes and buildings, to installation work and objects with new materials, the relationship between the human body, technology, and nature form the background for a new production of space.

#### ARE Summer Boot Camp | Construction Documents and Services

AIA New York's ARE Boot Camp program is designed to help associates and interns prepare to take the Architect Registration Examination (ARE). Based on ARE 4.0, these sessions provide a blend of content review, study strategies, and test-taking tips.

The series consists of eight sessions from July 6 to August 31, 6:00 PM - 8:00 PM. The sessions will be led by licensed architects and Chapter members, both recent test takers and experienced practitioners.

For more information, visit the [Center for Architecture's website](#).
